**Re: In the Matter of Petition of USTelecom for Forbearance Pursuant to
47 U.S.C. Section 160(c); WC Docket No. 18-141; Category 1**

Dear FCC,

I was living in San Bruno, CA and I chose to use the internet service by a company named Raw Bandwidth. Without that company, I will be stuck using other ISPs instead, which is slower and more expensive.

That's why I think competitive Internet service is very important. It offers more options for us customers and we can choose the one with the best quality/value. We don't want to end up having only few options. Without competition, these big ISPs will monopoly the market and ended up being ignorant to the quality of the service.

Thank you,
Wei Guo
